

MakerBot®

MakerBot® Digitizer™

DESKTOP 3D SCANNER

QUICKLY TURN THE THINGS IN YOUR WORLD INTO 3D MODELS THAT YOU CAN MODIFY, IMPROVE, SHARE, AND 3D PRINT.

With just two clicks, the easy-to-use yet sophisticated software of the MakerBot Digitizer Desktop 3D Scanner creates clean, watertight 3D models that are ready to 3D print. The MakerBot Digitizer is optimized to work seamlessly with your MakerBot® Replicator® Desktop 3D Printer and it's fast. You'll get a standard 3D digital design file in approximately 12 minutes. The MakerBot Digitizer is for early adopters, experimenters, and visionaries who want to be pioneers in desktop 3D scanning.

- 1 Optimized for 3D printing.** Easy-to-use yet sophisticated software creates clean 3D models with just two clicks.
- 2 Remake your world.** The MakerBot Digitizer outputs standard STL files that can be modified and improved in third-party 3D modeling programs.
- 3 Sophisticated software.** There's no patching, stitching, or repairing required. So you can skip straight to your creative process.
- 4 Share it.** Easily upload your scans to Thingiverse.com, the largest community for sharing 3D designs.

The MakerBot Digitizer is a one-piece unit which makes it easy to transport and calibrate. It uses two lasers that enable it to capture more detail and create better models.

You can buy the MakerBot Digitizer online or at the MakerBot store for only \$1400

What is the MakerBot Digitizer?

The MakerBot Digitizer helps you create clean, 3D printable designs much faster than you can by hand.

Use it to...

- **Solidify.** Create something out of another material, like clay or paper, and turn it into a durable plastic piece through 3D printing.
- **Copy.** Maintain an object's form, but re-do its appearance through 3D printing and finishing.
- **Reimagine.** Turn a treasured thing into something new. Wear your favorite sculpture as a necklace.
- **Create.** Combine two physical things and scan them as one.
- **Save.** Back up your belongings the way you back up your files. Save your child's modeling clay sculpture too.
- **Share.** Send shapes around the world.

Who is the MakerBot Digitizer for?

The MakerBot® Digitizer™ Desktop 3D Scanner is for early adopters, experimenters, and visionaries who want to be pioneers in desktop 3D scanning. This includes, but isn't limited to

- **Architects**
- **Designers**
- **Creative hobbyists**
- **Educators**
- **Artists**

Whatever your interests or specialties, if you want to explore the frontiers of desktop 3D scanning, the MakerBot Digitizer is for you.

MakerBot® MakerCare™ Protection Plan

Our recommended MakerBot MakerCare Protection Plan for MakerBot Digitizer provides you with the highest quality service and support from the people who know your MakerBot product best.

When you purchase MakerBot MakerCare, you'll receive expert service and support and the confidence of knowing we've got your back. For one year, MakerBot will replace defective parts or arrange for you to ship your MakerBot product back to the factory for repair (return authorization required). You'll also be the first to know about upgrades, special offers and new products.

Available only at the time of purchase or within 30 days from the date of purchase.
